PROFESSIONAL SUMMARY

Experienced Full Stack Developer skilled in React.js, Next.js, Node.js, Express, MongoDB, and React Native. Proficient in building scalable web and mobile apps with real-time features and seamless integration. Strong in problem-solving, collaboration, and continuous learning.

SKILLS

- Technical Skills - Next.js | React.js | React Native | Redux | Express.js | MongoDB | Node.js | TypeScript | HTML5 | CSS3 | JavaScript | RESTful APIs | Tailwind
- Soft Skills - Effective Communication | Teamwork | Problem Solving | Quick Learning

EXPERIENCE

Full Stack Engineer

Nov 2024 – Apr 2025

Byldd

Remote

- Architected and implemented role-based authentication flows with dynamic redirection to ensure secure, personalized user access.
- Designed and built authentication, profile, and settings modules for a seamless frontend experience.
- Integrated BLE in React Native for real-time device connection and stable data synchronization.
- Developed profile management APIs for users and a questionnaire system to calculate player-level indices.
- Implemented email and push notifications, including scheduled alerts using cron jobs.

Associate Software Developer

Jan 2024 – Nov 2024

Begalileo

Karnataka

- Implemented live class functionality with Zoom SDK, integrating video conferencing, screen sharing, and whiteboard tools for seamless student-instructor interactions.
- Developed Game and Quiz zones within an educational app, enhancing interactive and fun-based learning.
- Identified and resolved critical bugs, improving app stability, performance, and user experience on both Android and iOS.

EDUCATION

Full Stack Web Development

Dec 2022 – Dec 2023

Masai School, Bengaluru, Karnataka

Bachelor of Engineering (Electronics and Communication)

Aug 2012 – Jun 2016

Hitkarini College of Engineering and Technology , Jablapur (M.P.)

PROJECTS

FitQuest

Github Repo

React | Redux | HTML5 | CSS3 | JavaScript | Chakra UI | Node.js | Express.js | MongoDB | Mongoose

- Designed and implemented a user-friendly dashboard for managing fitness routines.
- Developed a product page with advanced filtering, searching, and sorting, boosting user engagement.
- Developed backend functionality for product management.

WoodenCrafts

Github Repo

HTML5 | CSS3 | JavaScript | React | Redux | Chakra UI | TypeScript

- Designed a visually appealing landing page to showcase a variety of products.
- Implemented a robust admin module for user and product management.
- Ensured the website's responsiveness across different devices.
